LOGBOOK KEGIATAN MAGANG

Fakultas Vokasi - Universitas Brawijaya

Nama Mahasiswa	:	Desi Eka Mardiani
NIM	:	233140707111084
Program Studi	:	Teknologi Informasi
Perusahaan/Instansi	:	cmlabs
Alamat Perusahaan	:	Jl. Seruni No.9, Lowokwaru, Kec. Lowokwaru, Kota Malang, Jawa Timur 65141
Periode Magang	:	18/08/2025 s/d 31/01/2026
Dosen Pembimbing	:	-
Pembimbing Lapangan	:	-

No	Tanggal	Waktu	Durasi	Topik Kegiatan	Uraian Kegiatan
1	19/08/2025	2025-12-13 08:00:00 - 2025-12-13 16:00:00	8j 0m	Initial Research and Planning	Conducted personal research on the internship topic, explored various website concepts, and created a preliminary timeline for upcoming internship tasks.
2	20/08/2025	2025-12-13 08:00:00 - 2025-12-13 13:00:00	5j 0m	Team Introduction and Onboarding	Joined the CMLABS WhatsApp group, introduced myself to team members, established initial communication with peers, and discussed the internship framework and expectations.
3	21/08/2025	2025-12-13 08:00:00 - 2025-12-13 16:00:00	8j 0m	Role Research and Team Discussion	Researched the assigned position requirements, gathered additional ideas for building a CMS website based on the assigned field, and participated in group discussions regarding project direction.
4	22/08/2025	2025-10-02 10:00:00 - 2025-10-02 11:30:00	1j 30m	System Analyst & Project Management Introduction	Learning Session 1 discusses System Analyst Overview, Basics of Project Management, and Case Study about Project HRIS (Human Resource Informatin System).
5	25/08/2025	2025-12-13 08:00:00 - 2025-12-13 16:00:00	8j 0m	Team Discussion on Learning Materials	Discussed learning materials provided by cmlabs with team members, identified challenges faced by each role, and brainstormed website development ideas together.
6	26/08/2025	2025-10-02 15:00:00 - 2025-10-02 16:30:00	1j 45m	Introduction to Frontend Engineering	Learning Session 2 discusses Introduction to Next.js, Development Workflow, Case Study Project CMS (Content Management System)
7	27/08/2025	2025-12-13 08:00:00 - 2025-12-13 16:00:00	8j 0m	Study and Problem Solving	Conducted independent research on materials delivered by CMLABS, communicated via group chat to discuss

No	Tanggal	Waktu	Durasi	Topik Kegiatan	Uraian Kegiatan
					obstacles encountered during the learning process.
8	28/08/2025	2025-12-13 08:00:00 - 2025-12-13 16:00:00	8j 0m	Individual Learning Session	Focused on individual study session, reached out to team members when encountering difficulties, and worked through challenging concepts independently.
9	29/08/2025	2025-12-13 08:00:00 - 2025-12-13 16:00:00	8j 0m	Group Discussion and Material Review	Held discussions with team members, revisited previously covered materials, and engaged in peer learning about each role's responsibilities and technical requirements.
10	01/09/2025	2025-12-13 08:00:00 - 2025-12-13 16:00:00	8j 0m	Individual Practice and Weekly Review	Practiced with role-specific tools independently, reviewed the week's progress by creating a list of material comprehension improvements and challenges encountered.
11	02/09/2025	2025-12-13 08:00:00 - 2025-12-13 16:00:00	8j 0m	Weekly Team Sync	Coordinated with the team to review materials from CMLABS, discussed specific obstacles faced in different roles, and aligned on website concept development.
12	03/09/2025	2025-12-13 08:00:00 - 2025-12-13 16:00:00	8j 0m	Research and Collaboration	Performed self-directed research on cmlabs materials, utilized group chat for troubleshooting and sharing solutions to common problems.
13	04/09/2025	2025-12-13 08:00:00 - 2025-12-13 16:00:00	8j 0m	Individual Study	Dedicated time to individual learning, consulted with teammates when facing technical challenges, and deepened understanding of core concepts.
14	05/09/2025	2025-12-13 08:00:00 - 2025-12-13 16:00:00	8j 0m	Collaborative Learning and Material Reinforcement	Engaged in group study sessions, reinforced understanding of previous materials, and facilitated knowledge sharing about different role requirements.
15	08/09/2025	2025-12-13 08:00:00 - 2025-12-13 16:00:00	8j 0m	Tool Practice and Progress Assessment	Practiced independently with assigned tools, evaluated weekly learning progress, and documented areas of improvement and ongoing challenges.
16	09/09/2025	2025-12-13 08:00:00 - 2025-12-13 16:00:00	8j 0m	Research and Group Consultation	Conducted independent research on provided materials, maintained communication through group chat to resolve learning obstacles collaboratively.
17	10/09/2025	2025-10-02 15:00:00 - 2025-10-02 16:00:00	1j 0m	Case Study CMS Project	This presentation goes into more depth about CMS project that we will be working on later.
18	11/09/2025	2025-12-13 08:00:00 - 2025-12-13 16:00:00	8j 0m	Self-Paced Learning Session	Concentrated on self-paced learning, sought assistance from team members when needed, and worked through complex technical concepts.

No	Tanggal	Waktu	Durasi	Topik Kegiatan	Uraian Kegiatan
19	12/09/2025	2025-10-02 16:00:00 - 2025-10-02 17:15:00	1j 30m	Backend Developer (Node / Express 5)	This discussion discusses setting up Express for API Development, Database & Prisma, Auth Flow, Middleware JWT, and Demo API
20	15/09/2025	2025-10-02 15:00:00 - 2025-10-02 15:50:00	1j 0m	Quality Assurance Introduction	Presentation about what and how the duties of a Quality Assurance officer are.
21	16/09/2025	2025-12-13 08:00:00 - 2025-12-13 16:00:00	8j 0m	Team Collaboration and Knowledge Review	Collaborated with team members, reviewed past learning materials, and participated in cross-role learning to understand different perspectives.
22	17/09/2025	2025-12-13 08:00:00 - 2025-12-13 16:00:00	8j 0m	Practice and Weekly Reflection	Practiced with role-specific tools, reflected on weekly learning outcomes, and compiled a progress report highlighting achievements and challenges.
23	23/09/2025	2025-10-03 14:28:00 - 2025-10-03 19:00:00	4j 32m	Trying the Backend Steps	Start trying to practice making a backend, according to the module provided.
24	24/09/2025	2025-12-12 07:30:00 - 2025-12-12 16:00:00	8j 30m	CMS Project ─ Backend Setup and Environment Configuration	Setting up the backend development environment, installing necessary dependencies, and configuring the project structure for the CMS application.
25	25/09/2025	2025-12-12 07:30:00 - 2025-12-12 16:00:00	8j 30m	CMS Project ─ Database Configuration and Initial Backend Practice	Configuring database connections and continuing practice on backend fundamentals before starting the main features.
26	26/09/2025	2025-10-06 06:56:00 - 2025-10-06 15:00:00	8j 4m	CMS Project ─ Practicing Backend	Continue to Practicing Making Backend
27	29/09/2025	2025-10-06 15:00:00 - 2025-10-06 15:50:00	1j 0m	CMS Project ─ Briefing From the Team Lead	Discussion with the team to discuss schedules, tools, evaluations, and deadlines.
28	30/09/2025	2025-12-12 07:30:00 - 2025-12-12 16:00:00	0j 0m	CMS Project ─ Preparing Authentication System	Researching and preparing the structure for authentication system including sign up, login, and password management features.
29	01/10/2025	2025-12-12 07:30:00 - 2025-12-12 16:00:00	8j 30m	CMS Project ─ Initial Development of Sign up Feature	Started developing the sign up feature, creating user models and setting up basic validation for user registration.
30	02/10/2025	2025-10-06 08:00:00 - 2025-10-06 17:30:00	9j 30m	CMS Project ─ Working on Backend Sign up, Login.	Continue working on the backend sign up until the trial in Postman.

No	Tanggal	Waktu	Durasi	Topik Kegiatan	Uraian Kegiatan
31	03/10/2025	2025-10-06 08:00:00 - 2025-10-06 15:00:00	7j 0m	CMS Project ─ Working on Backend Sign up, Login, and Reset Password	Practice creating codes for forgotten password problems.
32	06/10/2025	2025-10-06 08:00:00 - 2025-10-06 16:30:00	8j 30m	CMS Project ─ Working on Backend Sign up, Login, and Reset Password	The file had a problem, so I had to recreate it from scratch. Now it's resolved, including the forgot password issue, along with an experiment in Postman.
33	07/10/2025	2025-10-09 11:00:00 - 2025-10-09 17:00:00	6j 0m	CMS Project ─ Schema for the Organizational Project Section	Analyzing the existing features based on the UI and outlining how the API endpoints will be structured.
34	08/10/2025	2025-10-10 12:00:00 - 2025-10-10 15:30:00	3j 30m	CMS Project ─ Refining API Schema for Organizational Projects Section	Building upon the initial analysis to propose improvements and finalize the API structure aligned with the updated UI.
35	09/10/2025	2025-10-10 11:00:00 - 2025-10-10 16:30:00	5j 30m	CMS Project ─ Implementation of Prisma Schema	Implementing the required prisma schema, based on the structure I created yesterday.
36	10/10/2025	2025-10-10 08:00:00 - 2025-10-10 16:00:00	8j 0m	CMS Project ─ Backend for Organization and Collaborator Features	Worked on implementing backend: collaborator.ts and organization.ts, but there are some problems in parts of the code, so it can't be tested right now.
37	13/10/2025	2025-12-12 07:30:00 - 2025-12-12 16:00:00	8j 30m	CMS Project ─ Debugging Prisma Schema Implementation	Encountered errors during Prisma schema implementation. Spent time debugging and researching solutions for database migration issues.
38	14/10/2025	2025-10-14 07:00:00 - 2025-10-14 18:30:00	11j 30m	CMS Project ─ Code Fix and Recovery Progress	Fixed issues from the previous code. I spent extra time today to catch up on lost progress due to being unwell yesterday. All code is now stable and ready for testing tommorow.
39	15/10/2025	2025-10-15 08:00:00 - 2025-10-15 16:00:00	8j 0m	CMS Project ─ Code Refactor & Feature Fix	I refactored the code after encountering issues during testing with Postman. After making the necessary changes, the requests finally worked. But today, I only managed to do this one.
40	16/10/2025	2025-10-16 15:00:00 - 2025-10-16 20:00:00	5j 0m	CMS Project ─ Collaborator Feature	Today, I continued working on the collaborator feature. I successfully reached the Postman testing phase and managed to test the "add collaborator" functionality.
41	17/10/2025	2025-12-12 07:30:00 - 2025-12-12 16:00:00	8j 30m	CMS Project ─ Collaborator Feature Continuation	Continued working on the collaborator feature, focusing on role management and permission settings for different user types.
42	20/10/2025	2025-10-23 14:30:00 -	5j 30m	CMS Project ─ Testing Frontend to Verify Backend Functionally	I'm trying to create a frontend interface to check whether the backend is working

No	Tanggal	Waktu	Durasi	Topik Kegiatan	Uraian Kegiatan
		2025-10-23 20:00:00			properly, not just successful responses in Postman
43	21/10/2025	2025-10-23 08:00:00 - 2025-10-23 15:30:00	7j 30m	CMS Project ─ Backend Issues after Frontend Testing	After testing the frontend, I found some problems and even modified the Prisma migration. But it turned out that wasn't the cause of the problem, so, the next day, I was finally able to continue developing the login feature.
44	22/10/2025	2025-10-23 13:00:00 - 2025-10-23 17:30:00	4j 30m	CMS Project ─ Successful Login Testing	After the issue yesterday, today I successfully performed login testing on the frontend. I also used this testing process to better understand the flow of the UI/UX design provided by the company.
45	23/10/2025	2025-10-26 08:00:00 - 2025-10-26 16:30:00	8j 30m	CMS Project ─ Displaying Collaborator and Planning Next Feature Tests	Today, I successfully displayed the collaborator, which currently shows only my own name since no members have been added to the organization yet. Tomorrow, I will conclude this testing to move on to the project feature in the coming days.
46	24/10/2025	2025-12-12 07:30:00 - 2025-12-12 16:00:00	8j 30m	CMS Project ─ Testing and Bug Fixing Collaborator Feature	Performed comprehensive testing on the collaborator feature using Postman and fixed minor bugs found during the testing process.
47	26/10/2025	2025-10-26 07:00:00 - 2025-10-26 20:30:00	13j 30m	CMS Project ─ Project-Collaboration Feature	I replaced two non-working Fridays with active workdays. From yesterday until today, I developed the feature that lets collaborators accept invitations from the project owner to join an organization and be added to a project. Regarding the working time, I am adjusting the total working hours to include the hours from yesterday, Saturday, October 25, 2025.
48	27/10/2025	2025-10-29 08:00:00 - 2025-10-29 15:30:00	7j 30m	CMS Project ─ Progress on Settings and Schema Prisma	Today, I worked on the settings section of the organization project. The features for custom domain, duplicate project, and duplicate to personal are now ready for testing in Postman. Next, I started designing the schema for the plan and billing feature.
49	28/10/2025	2025-10-29 08:00:00 - 2025-10-29 17:00:00	9j 0m	CMS Project ─ Developing the Plan and Billing Feature	After creating the schema yesterday, today I continued by starting to write the code. At the same time, I'm trying to understand how the flow of this feature works, as I find it quite complex to grasp.
50	29/10/2025	2025-10-29 08:00:00 - 2025-10-29 16:00:00	8j 0m	CMS Project ─ Working on Payment Method Feature	Today, I worked on the payment method feature by creating and updating. These files handle the model and routes for managing payment methods within the system.

No	Tanggal	Waktu	Durasi	Topik Kegiatan	Uraian Kegiatan
51	30/10/2025	2025-10-31 10:00:00 - 2025-10-31 19:00:00	9j 0m	CMS Project — Progress on Payment Method Feature (1)	Today, I continued working on the code for the plan and billing feature. However, I'm still trying to fully understand the flow of this feature, as it's something I haven't worked on before and will take some time to figure out.
52	31/10/2025	2025-10-31 08:00:00 - 2025-10-31 17:30:00	9j 30m	CMS Project — Progress on Plan and Billing Feature (2)	Today, I continued working on the Plan and Billing feature. It's still quite challenging for me to implement, but I managed to make some code updates. I also worked on the Billing Address functionality, which successfully passed the Postman testing.
53	03/11/2025	2025-11-05 09:00:00 - 2025-11-05 16:00:00	7j 0m	CMS Project — Progress on Plan and Billing Feature (3)	I remake the Schema Prisma because the previous structure did not fully match with the requirements of the system design. Additionally, I worked on setting up the Plan module.
54	04/11/2025	2025-11-05 13:45:00 - 2025-11-05 21:10:00	7j 25m	CMS Project — Progress on Plan and Billing Feature (4)	I continued development on the Billing Address feature. I implemented the CRUD functionalities and proceeded with API testing using Postman. At this time, the system was able to display available plans and successfully manage billing address record trough the API.
55	05/11/2025	2025-12-12 11:30:00 - 2025-12-12 20:45:00	9j 15m	CMS Project — Progress on Plan and Billing Feature (5)	I moved to developing the Subscription feature, which is part of the checkout flow. The logic and structure required for this part were more complex, so I focused on building and organizing the implementation. Testing was not yet completed on this day due to the ongoing setup.
56	06/11/2025	2025-12-12 07:30:00 - 2025-12-12 16:00:00	8j 30m	CMS Project — Progress on Plan and Billing Feature (6)	I continued working on the Subscriptions and Billing feature. The main use cases include checking usage limits, handling cancellations, managing renewals, and supporting tier upgrades. I'm still trying to fully understand the logic, before moving forward with the implementation.
57	07/11/2025	2025-12-12 07:00:00 - 2025-12-12 15:30:00	8j 30m	CMS Project — Progress on Plan and Billing Feature (7)	Continued with the planning phase today. I have defined the structure for the Packages table as package name, description, price, billing cycle, and resources limits (organizations, projects, collaborators, bandwidth, API calls). The Subscription model is now related to the User and Plan tables.
58	10/11/2025	2025-12-12 07:00:00 - 2025-12-12 15:30:00	8j 30m	CMS Project — Progress on Plan and Billing Feature (8)	Today I worked on implementing the subscription creation flow. I created a controller file to create a new subscription and retrieve the subscription details.

No	Tanggal	Waktu	Durasi	Topik Kegiatan	Uraian Kegiatan
59	11/11/2025	2025-12-12 08:00:00 - 2025-12-12 16:30:00	8j 30m	CMS Project ─ Progress on Plan and Billing Feature (9)	I developed the subscription renewal logic. The system now can automatically process renewals based on billing cycles, update subscription dates, and handle payment processing. I also added error handling for failed renewal attempts.
60	12/11/2025	2025-12-12 08:00:00 - 2025-12-12 17:00:00	8j 45m	CMS Project ─ Progress on Plan and Billing Feature (10)	Today I implemented the subscription upgrade feature. Users can now upgrade their plans mid-cycle with prorated pricing calculations.
61	13/11/2025	2025-12-12 08:30:00 - 2025-12-12 16:40:00	8j 10m	CMS Project – Progress on Plan and Billing Feature (11)	I focused on the checkLimit feature and subscription routes today and implemented real time limit for organizations, projects, collaborators, etc.
62	14/11/2025	2025-12-12 08:00:00 - 2025-12-12 16:30:00	8j 30m	CMS Project – Progress on Plan and Billing Feature (12)	Today I started working on the Plan controllers. Created get all plans and get plan by id for retrieving plan information. Users can view available subscription plans with complete details pricing and limits.
63	15/11/2025	2025-12-12 08:30:00 - 2025-12-12 17:00:00	8j 30m	CMS Project – Progress on Plan and Billing Feature (13)	I completed the plan comparison feature and plan routes today. Implemented compare plans controller for side-by-side plan comparisons and created index file.
64	17/11/2025	2025-12-12 08:30:00 - 2025-12-12 17:00:00	8j 30m	CMS Project – Progress on Plan and Billing Feature (14)	Started the billing address management: created the create.ts and get.ts controllers for adding new billing addresses and retrieving existing ones.
65	18/11/2025	2025-12-12 08:00:00 - 2025-12-12 16:30:00	8j 30m	CMS Project – Progress on Plan and Billing Feature (15)	Continued with billing address features. I implemented update and delete controllers for modifying and removing billing addresses. Also added proper authorization checks to ensure user can only manage their own addresses.
66	19/11/2025	2025-12-12 09:00:00 - 2025-12-12 17:00:00	8j 30m	CMS Project – Progress on Plan and Billing Feature (16)	Worked on the billing history feature for viewing transaction history and generating downloadable invoice pdf.
67	20/11/2025	2025-12-12 08:00:00 - 2025-12-12 16:30:00	8j 30m	CMS Project – Progress on Plan and Billing Feature (17)	Completed the billing history setup by creating index to export file. Then started on payment methods by implementing add and get all controllers for adding new payment methods and retrieving all saved payment methods.
68	21/11/2025	2025-12-12 08:00:00 - 2025-12-12 16:30:00	8j 30m	CMS Project – Progress on Plan and Billing Feature (18)	Today I continued the payment method management. I created update and delete controllers for modifying payment details and removing saved payment methods.
69	24/11/2025	2025-12-12 07:00:00 -	8j 30m	CMS Project – Progress on Plan and Billing	Completed the payment method features by implementing set default for setting default

No	Tanggal	Waktu	Durasi	Topik Kegiatan	Uraian Kegiatan
		2025-12-12 15:30:00		Feature (19)	payment methods. Then set up billing routes to handle all billing endpoints.
70	25/11/2025	2025-12-12 08:00:00 - 2025-12-12 16:30:00	8j 30m	CMS Project – Progress on Plan and Billing Feature (20)	Completed the documentation for the Plan and Billing feature.
71	26/11/2025	2025-12-12 09:00:00 - 2025-12-12 17:00:00	8j 0m	CMS Project – Progress on Plan and Billing Feature (21)	I performed final code reviews and refactoring.
72	27/11/2025	2025-12-12 08:00:00 - 2025-12-12 16:30:00	8j 30m	CMS Project – Progress on Plan and Billing Feature (22)	Finalized the Plan and Billing feature implementation.
73	28/11/2025	2025-12-12 07:00:00 - 2025-12-12 16:00:00	8j 0m	CMS Project – Progress on Plan and Billing Feature (22)	Testing and bug fixes.
74	01/12/2025	2025-12-12 08:00:00 - 2025-12-12 16:30:00	8j 30m	CMS Project ─ Studying Content Builder and Content Management Concepts	I started learning about Content Builder architecture, understanding how CMS content structure works, and researching best practices for dynamic content management systems.
75	02/12/2025	2025-12-12 07:30:00 - 2025-12-12 16:00:00	8j 30m	CMS Project ─ Deep Dive into Content Builder Features	Today, I continued studying Content Builder functionality, analyzing how components, fields, and pages interact within a CMS, and planning the database schema structure.
76	03/12/2025	2025-12-12 09:00:00 - 2025-12-12 17:30:00	8j 30m	CMS Project ─ Designing Prisma Schema for Content Builder	After studying, today I started designing the Prisma schema for Content Builder features, creating models for components, fields, pages, and content management. Successfully created migration 20251103114241_plan_and_billing_features.
77	04/12/2025	2025-12-12 08:30:00 - 2025-12-12 17:00:00	8j 30m	CMS Project ─ Content Builder Controllers Development	I developing controllers for Content Builder today. Starting with component.ts, I implementing CRUD operations for manage content components.
78	05/12/2025	2025-12-12 08:30:00 - 2025-12-12 16:00:00	8j 30m	CMS Project ─ Component and Field Controllers	Continued working on component.ts and started developing field.ts controller. These files handle the logic for managing dynamic fields within content components.
79	06/12/2025	2025-12-12 08:00:00 - 2025-12-12 17:00:00	9j 0m	CMS Project ─ Developing Content Controller	Today, I developed content.ts controller for managing content entries.
